THE LAB OF EMOTIONS

WE ARE SUSTAINABLE BECAUSE

Because it's in our DNA. We respect people and our environment because we feel part of it.

Because we have **ELIMINATED**

non-sustainable products from

COMPOSTABLE or reciclable

our portfolio and work with 100%

05.

Because **WE RECYCLE** equipment which has reached the end of its useful life, piece by piece.

SUSTAINABLE

DEVELOPMENT

02.

packaging.

06.

Because we lead by example. We work with renewable energies, we practice and promote recycling. We reduce the consumption of water, energy and consumables.

08. We make an impact, without leaving a FOOTPRINT. We innovate to reduce the carbon footprint of our company and our products.

ECOh!

09.

We are eco-friendly, we take steps to reduce our negative impact on the environment. Making conscious choices about the products we use, the way we consume energy, and the way we dispose of waste.

03.

07.

We work to develop the **COMMUNITY.** Sustainability

is social too! We work with

a social impact upon our

surroundings.

various projects which have

Because we design and manufacture **LONG-LASTING** products. We don't subscribe to the famous "planned obsolescence". Our product guarantee demonstrates how confident we are: Up to 5 YEARS WARRANTY for equipements we manufacture!

04.

Because **WE SHARE** experiences, knowledge and equipment with the Oh!FX community.

Oh!FX DNA

People are our reason to be!

Our purpose is to make people's celebrations and emotions the best they ever imagined. And, on the other hand, we understand our project as the result of the passion from our people, our team!

We enjoy creating, developing and spreading around the world the new ideas and products coming from our Lab.

We love being trusted partners to create reliable, safe and the most sustainable events!

We're Designers&Doers.

We're Emotion Lovers! You just dream. We'll make it possible. And we'll do it sustainable!

The Lab of emotions team

THE LAB OF EMOTIONS

Our history defines us. In 1998 our CEO & Founder, Francesc Sentias, after years working in the world of events, decided to solve the innumerable problems and limitations which he lived in the FX. This is how Oh! FX was born, from the knowledge and experience of FX. Each product developed in our LAB arises to solve real needs. We listen and understand the customer from the utmost empathy, because we experienced it in our own skin.

Based in Barcelona, we design, develop, manufacture and customize a large variety of machines and accessories for stage effects and entertainment industry.

Our aim is to ensure your events in a sustainable way. By our distributors and dealers in more than 60 countries around the world proving, we've become one of the leading suppliers in Europe of professional confetti products, as well as FX fluids, other consumables for stage effects and events, and a complete new range of Holi powders.

Oh!FX, the Lab of emotions, makes real what others can only dream of

2008

After more than 10 years

Francesc creates Confettishots, SL fully dedicated to confetti business.	2014 New products to other stage FX: Snow, foam, CO ₂ , wind, bubbles	2019 New headquarters opening with 2000 sqm. E-Tube system launching	2021 We publish the Oh!FX Sustainability Manifesto. Commitment and actions to transform the emotions & events in a sustainable way.	2023 We launch ECOHOLI a brand of sustainable holi powder. New Tornado
2011 After succeeding in market, and enlarg of products, the co internationalitzatio	ng the portfolio company in mpany starts its	Europe. pandemi new pro	t of the COVID19 Ready to	22 2024 o celebrate again n a sustainable way!

GET THE TOTAL CONTROL EVERY FX PROFESSIONAL NEEDS

OhFX has designed and produced this range of **control devices** for analog and **DMX signal.** They are specifically conceived to **control FX and stage equipment** and ensure your events in a professional way.

All the TOTAL CONTROL devices share the below features:

FX PUSHERS OF 1 AND 4 CHANNELS

1 CHANNEL FX PUSHER

DOUBLE FUNCTION: FIRE/FLASH OR ON-OFF SWITCH BUTTON

- Maximum 20A of resistive or 15A inductive load.
- Equipped with **safety key**.
- **Powercon input** to meet any worldwide plug.

4 CHANNEL FX PUSHER

DOUBLE FUNCTION: FIRE/FLASH OR ON-OFF SWITCH BUTTON OF 4 CHANNELS

- Maximum 20A of resistive or 15A inductive load.
- Equipped with **safety key.**
- Powercon input to meet any worldwide plug.

DMX SWITCH PACK OF 1 OR 4 CHANNELS

1 CHANNEL DMX SWITCH

4 CHANNEL DMX SWITCH

DMX 512 CONTROLLABLE

- Independent safety DMX channel.
- Maximum 20A of resistive or 15A inductive load.
- 3 and 5 pin DMX connector

- Independent safety DMX channel.
- Maximum 20A of resistive or 15A inductive load.
- 3 and 5 pin DMX connector

DMX 512 CONTROLLABLE

DMX PUSHER AND DIMMER DEVICES

8 CHANNEL DMX PUSHER

CONTROLS 8 INDEPENDENT DMX CHANNELS

- **3 Functions per channel**: Pusher, Switch and burnt
- Safety channel **100% programmable**
- **3 and 5-pin** DMX connector

1 CHANNEL DMX DIMMER

1 CHANNEL DIMMER DMX CONTROLLED

- Optional Manual control (without DMX)
- Maximum 3500W of resistive load
- **3 and 5-pin** DMX connector

DIFFERENT SOLUTIONS TO DISTRIBUTE DMX

4 CHANNEL DMX DISTRIBUTOR

3 and 5-pin DMX connector

Distributor of **DMX channels**

WIRELESS TRANSMITTER/RECEIVER OF DMX SIGNAL

- 2 DMX universes (1024 channels)
- 2.4GHz frequency band and automatic search
- Operating range: 400m (line-of-sight)
- **3 and 5-pin** DMX connector

REFERENCE CODE

TC-107

PERFECTLY TIMED SHOTS

2 CHANNEL FX TIMER

MULTIFUNCTIONAL PROGRAMMABLE DUAL TIMER

- User-configurable times in hours, minutes, seconds and 1/100 of a second
- On/off sequences and effect alternation
- Auto-start function and cycle function (loop)
- **3 and 5-pin DMX** connectors

REFERENCE CODE TC-109

DIVIDERS OF POWER

POWER SUPPLY BASE

CONVERTOR OF 1 TRI-PHASE ELECTRICAL SUPPLY INTO 3 SINGLE-PHASE OUTPUT POWERCON LINES

POWERCON SPLITTER

SPLITTER WITH 6 POWERCON OUTPUTS

- **Over-current Thermal protector** per phase
- Maximum 20A of resistive or 15A inductive load
- Digital voltmeter on each phase to check a correct connection

REFERENCE CODE

TC-110

- Maximum 20A of resistive or 15A inductive load
- Thermic protection

1 CHANNEL CHRONO PUSHER

- 1 Channel pusher designed to control the CO₂ consumption of the Jets on your events
- Time Used or Time left counter
- Gives you **information of the CO₂** amount inside your bottle
- Equipped with **safety key**
- Powercon input to meet any worldwide plug
- Over-current Thermal protector per phase
- Maximum 20A of resistive or 15A inductive load

- 2 Power out channels
- Iluminated stop button
- If there is an unexpected dangerous situation, hit the button and the connected systems will shut down directly
- A must have for every professional FX operator
